## SUMMARY

Software Developer with 6 months of professional experience, proficient in MERN stack development. Experienced in building impactful applications, including an AI-driven healthcare platform and an e-Commerce web application. Currently pursuing a B.Tech in Computer Science & Engineering.

## EDUCATION

<b>VIT Bhopal</b> <i>B.Tech - Computer Science Engineering</i>	Sep 2022 – Present <i>CGPA: 8.66/10</i>
<b>Amity International School, Vasundhara (Sector-6)</b> <i>Higher Secondary (XII), Science (PCM) - CBSE</i>	May 2012 – Jul 2022 <i>Board: 95.6/100</i>

## EXPERIENCE

<b>Software Developer Intern</b> <i>BluRock Ionic</i>	Sep 2024 – Present <i>(Remote) Punjab, India</i>
<ul style="list-style-type: none"><li>Developed and deployed an AI-powered healthcare platform that analyzes medical reports to generate personalized healthcare plans.</li><li>Built a blogging system using React.js, Tailwind CSS, and MERN, integrating a dashboard for tracking blog performance.</li><li>Designed a responsive Next.js showcase website for a partner company, improving accessibility and usability.</li></ul>	

## PROJECTS

<b>MedCap - AI-Powered Healthcare Analysis</b>   <i>MERN, JWT, Firebase, Adobe API</i>	Sep 2024 – Nov 2024
<ul style="list-style-type: none"><li>Built an AI-driven platform that analyzes PDF medical reports to generate personalized healthcare recommendations.</li><li>Implemented secure authentication using JWT, with Firebase handling profile picture management.</li><li>Developed a dashboard for users to track past reports, manage profiles, and receive AI-based suggestions.</li><li><b>Website Link:</b> <a href="https://medcap.vercel.app">medcap.vercel.app</a></li></ul>	
<b>FabCycle - Fabric Recycling Platform</b>   <i>Express.js, MongoDB, Bootstrap</i>	Oct 2023 – Jan 2024
<ul style="list-style-type: none"><li>Engineered an e-commerce platform for selling and buying upcycled fabrics, featuring a secure user authentication system.</li><li>Integrated an intuitive shopping cart, store locator service, and an email notification system for order tracking.</li><li>Added a product rating and comments feature, allowing users to review products and engage with sellers.</li><li><b>Website Link:</b> <a href="https://fabcycle.vercel.app">fabcycle.vercel.app</a></li></ul>	
<b>Muse Memoir - Blog Platform with Analytics</b>   <i>MERN, JWT</i>	May 2024 – June 2024
<ul style="list-style-type: none"><li>Created a modern blog platform using MERN with secure authentication via JWT.</li><li>Integrated an analytics dashboard to track user engagement, post performance, and comment activity.</li><li><b>Website Link:</b> <a href="https://muse-memoir.vercel.app">muse-memoir.vercel.app</a></li></ul>	

## ACHIEVEMENTS

- AI Hackathon Winner** - Secured 1st place for developing MedCap at BluRock Ionic internal AI Hackathon.
- DSA Tussle** - Ranked Top 15 in Data Structures & Algorithms Coding Contest.

## TECHNICAL SKILLS

**Frontend:** React.js, Next.js, Tailwind CSS, HTML, CSS  
**Backend:** Node.js, Express.js, RESTful APIs  
**Databases:** MongoDB, MySQL  
**Tools:** Git, Firebase, Vercel  
**Languages:** JavaScript, Python, C++
